

### ANNOUNCING

## The Fifty-fifth Annual Great Lakes Cytogenomics Conference

DATES: May 18-19, 2017

LOCATION: 89 Chestnut Street, University of Toronto

ACCOMMODATION: Conference rates are not available at the Metropolitan Hotel or at the

University of Toronto Residences. Please make your reservations early!

Doubletree by Hilton: 108 Chestnut Street, Toronto

Telephone: 1 (800) 668-6600 or 1 (416) 599-0555

Room Rate: ~ \$229.00

University of Toronto

89 Chestnut Street, Toronto

Telephone: 1 (416) 977-0707 - press 0 Residences:

Room Rate ~ \$109.00 single or double plus taxes (basic

accommodation no TV/no room service - full breakfast buffet

included)

### GLCC REGISTRATION FEES

1. Advance registration (by April 14, 2017)

Regular: \$150 (CDN or USD) One Day: \$100 (CDN or USD) Student: \$70 (CDN or USD) One Day: \$40 (CDN or USD)

2. Late registration (After April 14, 2017)

Regular: \$200 (CDN or USD) One Day: \$150 (CDN or USD) Student: \$100 (CDN or USD) One Day: \$70 (CDN or USD)

PLEASE NOTE THAT PAYMENT MUST ACCOMPANY ALL REGISTRATIONS. IF PAYMENT IS NOT RECEIVED BY APRIL 14, THE LATE REGISTRATION FEE WILL APPLY AT THE **DESK UPON CHECK-IN.** 

A continental breakfast and lunch for both days of the meeting, as well as a wine and cheese after Thursday's sessions, are included in the registration fee.

Online registration now available at:

### HIGHLIGHTS OF THE 2017 GREAT LAKES CYTOGENOMICS CONFERENCE

Here is a sampling of topics this year:

Abdul Noor, Director Genetics Diagnostics, Division of Diagnostic Medical Genetics, Dept. of Pathology and Laboratory Medicine, Mount Sinai Hospital, Toronto, Ontario

Mosaic aneuploidies in preimplantation genetic screening (PGS)

Andrea Vaags, Cytogenomicist, Genetics Laboratory, Trillium Health Partners, Mississauga, Ontario

Circulating tumour DNA (ctDNA) detection in liquid biopsies

Jean McGowan-Jordan, Head, Genetics Diagnostic Laboratory, Children's Hospital of Eastern Ontario, Chair of the Standing Committee of the International System for Human Cytogenomic Nomenclature

Nomenclature matters: update on ISCN 2016

Rene Quevedo, Princess Margaret Cancer Centre, University Health Network, Dept. of Medical Biophysics, University of Toronto, Toronto, Ontario

 Near-global copy-neutral loss of heterozygosity is a defining feature of pancreatic neuroendocrine tumours

Tammy Ashfield, Consultant Technologist, Genetics, Institute for Quality Management in Healthcare, Toronto, Ontario

 The practice patterns of prenatal testing in Canadian Cytogenetic laboratories - IQMH survey results

Adam Shlien, Associate Director, Translational Genetics, DPLM, Scientist, Genetics and Genome Biology, SickKids, Toronto, Ontario

KiCS: translational cancer genomics in kids

Melanie Beaulieu Bergeron, Associate Head, Children's Hospital of Eastern Ontario Genetics Diagnostic Laboratory, Ottawa, Ontario

Update on iAMP21: what's up, Doc?

Marsha Speevak, Cytogenomicist and Discipline Lead, Molecular Genetics and Cytogenetics, Trillium Health Partners, Mississauga, Ontario

Group presentation on interesting cases or lab-related problems

Maksym Misyura, Advanced Molecular Diagnostic Laboratory, Genome Diagnostics, University Health Network, Toronto, Ontario

 Standards and guidelines for the interpretation and reporting of somatic variants in cancer

Lieve Page-Christiaens, Associate Medical Director, Illumina Utrecht, The Netherlands

Non-invasive prenatal whole genome sequencing

### The H. Allen Gardner Memorial Lecturer:

Dr. Christa Lese Martin, PhD, FACMG
Director and Senior Investigator
Autism & Developmental Medicine Institute
Geisinger Health System
Lewisburg, PA

Exploring the frequency and phenotypic spectrum of recurrent CNVs in 50,000 individuals

### CALL FOR PAPERS

#### **SESSIONS**

The GLCC is divided into three sessions: Session I: Cancer Cytogenetics; Session II: Clinical Problems; Session III: New Technologies. The meeting closes with the annual Allen H. Gardner Memorial Lecture.

The following guidelines are suggested:

- Please email title/abstract to mary.shago@sickkids.ca or fax to: 416-813-4956 Attn: Dr.
  Mary Shago. Please include authors' names and addresses and the email address of the
  presenting/corresponding author (underlined). The abstract should be limited in length to
  250 words or less for publication to the web.
- Titles and abstracts are accepted on a first come basis, until timeslots are filled. An email
  confirmation will be sent acknowledging receipt of the abstract. Presenters will be informed
  of the assigned timeslot approximately two weeks prior to the meeting.
- 3. Presentations should be no more than 20 minutes, which includes a 5-minute question and discussion period.

## Great Lakes

# Cytogenomics Conference

- 4. A laptop will be available at the meeting. Presentations should be in PowerPoint format on a USB key.
- 5. Early Submission Prizes: Abstracts received by <u>April 14</u> will be eligible for 3 random draws of \$100.00 CDN each to be held at the meeting.
- 6. We are a friendly, receptive crowd, so you have nothing to lose by participating. We rely on you to make the meeting a success! So please select your cases now.

### RULES FOR EARLY SUBMISSION PRIZE

- 1. Abstracts/titles must be received by the advance registration deadline, April 14, in order to be included for the draw. Everyone is eligible except meeting organizers.
- 2. A random draw of the titles from each session will be performed and a cash prize awarded to each presenter that is drawn.

### DECLARATION OF POTENTIAL CONFLICT OF INTEREST

Please note, as required by the Faculty of Medicine, University of Toronto, all speakers will be requested to disclose to the audience, any real or apparent conflict of interest that may have a direct bearing on the subject matter of this program. Please include a PowerPoint slide (second slide after the title/topic slide) declaring any apparent conflicts(s) of interest that may have a direct bearing on the subject matter of this program.

### **INFORMATION**

We look forward to your suggestions and to seeing you in May. For more information please feel free to contact Dr. Kathy Chun at <a href="mailto:kathymchun@gmail.com">kathymchun@gmail.com</a>.

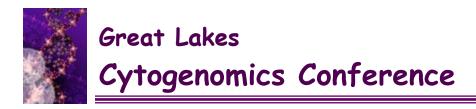

### PRELIMINARY PROGRAM

All events to be held on the  $2^{nd}$  floor, at University of Toronto, 89 Chestnut

## Thursday, May 18

0815-0845	Registration and morning wake-up (coffee, muffins) Centre Room, 2 <sup>nd</sup> Floor	
0845- 0900	Introductory Remarks	
Session I	Cancer Cytogenetics	Chair: Melanie Beaulieu Bergeron
0900-0920	Update on iAMP21: what's up, Doc? Melanie Beaulieu Bergeron (CHEO, Ottawa, ON)	
0920-0950	Near-global copy-neutral loss of heterozygosity is a defining feature of pancreatic neuroendocrine tumours Rene Quevedo (Princess Margaret Cancer Centre, Toronto, ON)	
0950-1030	Short Presentations	
1030-1100	Break	
1100-1120	Standards and guidelines for the interpretation and reporting of somatic variants in cancer Maksym Misyura (University Health Network, Toronto, Ontario)	
1120-1200	Short Presentations	
1200-1330	Lunch Provided	
Session II	Clinical Problems	Chair: Abdul Noor
1330-1350	Mosaic aneuploidies in preimplantation genetic screening (PGS) Abdul Noor (Mount Sinai Hospital, Toronto, ON)	
1350-1450	Group presentation on interesting cases or lab-related problems Marsha Speevak (Trillium Health Partners, Mississauga, ON)	
1450-1520	Break	

1520-1540	The practice patterns of prenatal testing in Canadian Cytogenetic laboratories - IQMH survey results Tammy Ashfield (Institute for Quality Management in Healthcare, Toronto, ON)
1540-1600	Nomenclature matters: update on ISCN 2016 Jean McGowan Jordan (CHEO, Ottawa, ON)
1600-1700	Short Presentations
1700-1800	Wine & Cheese Reception Terrace (3 <sup>rd</sup> Floor)

## Friday, May 19

0830-0900	Registration and morning wake up Centre Room, 2 <sup>nd</sup> Floor	
Session III	New Technologies	Chair: Andrea Vaags
0900-0920	Circulating tumour DNA (ctDNA) detection in liquid biopsies Andrea Vaags (Trillium Health Partners, Mississauga, ON)	
0920-0950	KiCS: translational cancer genomics in kids Adam Shlien (SickKids, Toronto, ON)	
0950-1030	Short Presentations	
1030-1100	Break	
1100-1140	Non-invasive prenatal whole genome sequencing Lieve Page-Christiaens (Illumina Utrecht, The Netherlands)	
1140-1200	Short Presentation	
1200-1330	Lunch Provided	
1330-1430	H Allen Gardner Memorial Lecture: Exploring the frequency and phenotypic spectrum of recurrent CNVs in 50,000 individuals  Dr. Christa Lese Martin (Geisinger Health System, Lewisburg, PA)	
1430-1445	Conclusion and Adjournment of GLCC
